Field Technician Posting of Position

The North Central Ohio Computer Cooperative (NCOCC) is seeking an IT support person to work as a Field Technician. This person will work full time with a NCOCC member school district. Pay will be appropriate to experience and training. Health insurance and other benefits are included in the compensation package.

The Field Technician duties include responding to help desk tickets, maintaining PC hardware, working on iPads, installing and maintaining PC operating systems in Windows and Macintosh computers, installing and maintaining approved licensed software, diagnosing hardware and software problems and performing periodic preventive maintenance.

Qualifications include a Bachelor's Degree and/or an Associate's Degree in computer Technology or a similar major. This person must possess strong interpersonal communication skills as well as organizational, planning and project management skills.

Interested candidates should contact Dr. Brent Winand, Executive Director of NCOCC, by e-mail at winand.brent@ncocc.net or by mail at 1495 W. Longview Avenue, Mansfield Ohio 44906. Letter of interest and resumes will be accepted through May 24, 2019.
